# Victron™ Non-Modular Inverters (for 12V batteries)

## DC to AC Sine Wave Inverters

Phoenix™ 12/180 (180 VA's)	\$	149*
Phoenix™ 12/220 (220 VA's)	\$	155*
Phoenix 12/350 (350 VA's)	\$	245*
Phoenix 12/600 (600 VA's)	\$	665*
Phoenix 12/1000 (1000 VA's)	\$	755*

## Additional Victron Inverters

See the complete line of Victron pure sine wave inverters at [www.victronenergy.com](http://www.victronenergy.com), then contact us for a quote on your preferred model. International AC versions are readily available.

[See stand-alone chargers on next page...](#)

**Invert Small and Charge Large<sup>SM</sup>**

## Options

**CDS: Can Do SwitchGear™** A complete line of AC and DC switchgear, quoted per application.

Even the best inverter will not make a complete system. DC/AC safety items and quality assembly are essential; a solar charge controller, a generator driven backup charger, and a battery monitor are useful additions.

(Card Code: 1000/710)

## Notes

Power ratings are continuous @ 77 degrees F.  
The VA (volt-ampere) is a unit of power similar to the watt.  
5' long DC cables are included on the small inverters.

All published prices are "Reference Retail" only. Installation and setup not included.  
Actual purchase prices are individually negotiated between end users and their retail dealer.  
*Please respect this manufacturer: Do not reverse engineer or otherwise copy these products.*

# Victron™ Battery Chargers (for 12V batteries)

Use these alone or with other **Blue Boxes™**, in new projects or for retrofit. *Invert Small and Charge Large™*

## Centaur™ Three Stage Chargers

20 amp	<b>\$275*</b>	60 amp	<b>\$ 529*</b>
30 amp	<b>\$349*</b>	80 amp	<b>\$ 845*</b>
40 amp	<b>\$419*</b>	100 amp	<b>\$1,285*</b>
50 amp	<b>\$495*</b>		

## Additional Victron Chargers

Check [www.victronenergy.com](http://www.victronenergy.com) for many other Victron battery chargers, then contact us for a quote on your preferred model. Go Victron!

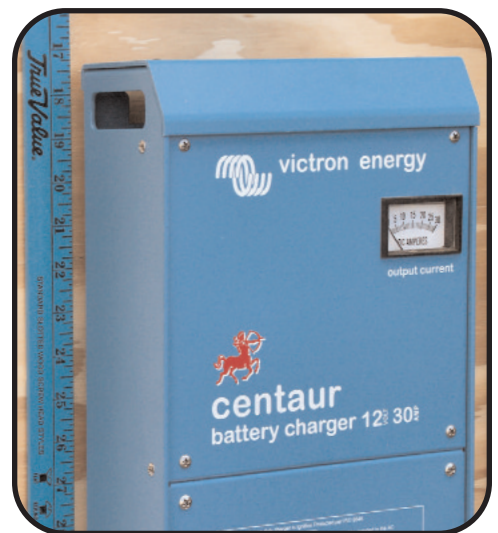

## Options

**UPS:** Carton reinforcement: **\$19 net**, always required for shipment.

**CDS: Can Do SwitchGear™** A complete line of AC and DC switchgear.

**GenAuto:** Automatic start/stop circuitry for engine generators. Automate your engine driven charging system in a smart/friendly way.

**GenWarm:** To allow for genset warm up, stand-alone chargers need manual or automatic time delays. Custom solutions quoted on request.

**Victron gear is also available for international AC voltages.**

## Notes

Power ratings assume 240 volt AC input. For 120 volt input, amp delivery is 10% lower. Ratings are continuous @ 104 degrees F. **Compare!**
